### Board of Water Commissioners

Karl M. Schweitzer,  
Nicholas J. Brigandi,  
William E. Schuckmann

### Superintendent

Anthony Iannone

Dear Hicksville Water District Consumer,

In an effort to help ease the financial burden for our residential customers associated with annual testing of your backflow device, the District has entered into an agreement with the following backflow testing companies. The following companies have agreed to test the backflow devices of our residential customers for a discounted fixed rate of \$45.00. While the District does not endorse these companies, all are New York State Certified and insured. Please note that these companies are a recommendation only. You are free to choose whomever you want to test your device, as long as they are a Certified New York State Backflow Tester.
